# THE FACILITY

## THE FACILITY

TO REVOLUTIONIZE ANIMAL  
CARE AND BE A CATALYST  
FOR KNOWLEDGE EXCHANGE.

DANIELLE & ROB SCHEINBERG, FOUNDERS

King Animal Hospital is a multi-disciplinary facility for animal care excellence.

Our founders imagined and have worked hard to create a place where specialists and technologies can harmonize to optimize skills under one roof.

## THE BUILDING

- 55,000 sqft 4 storey hospital
- Set on 50 acres with walking trails
- 5795 sqft indoor arena
- Laboratory
- Pharmacy
- Auditorium for knowledge exchange
- Outdoor paddocks for horses
- Outdoor green space for dogs
- Rubberized heated outdoor ramp for horses & trailers
- ICU
- Water treadmills and pool for equine & small animals
- 6 operating rooms
- 16 exam rooms
- Separate cat ward
- 10 indoor stalls & additional outdoor stalls planned
- State of the art MDRD room
- 2 staff kitchens & 1 staff gym
- Staff lockers & showers
- Planned vertical farm for employees

THE FACILITY

THE FACILITY

## DIAGNOSTICS

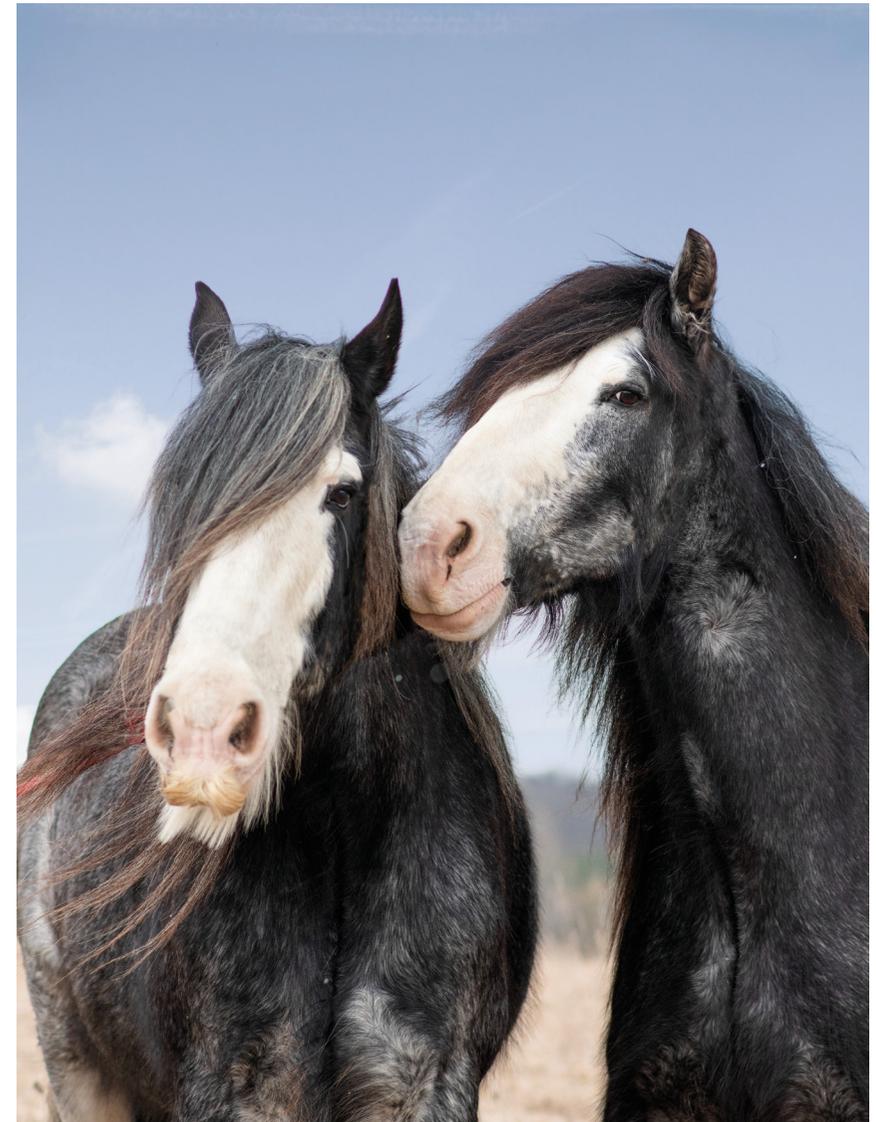

- C-arm for imaging during surgery
- Standing CT scan with robotic arm for equine
- CT scan for small animals
- X-ray
- MRI for equine & small animals
- Ultrasound

## REHABILITATION

- Hydrotherapy for both equine & dog
- Hyperbaric chamber for small animals
- Large rehab room for small animals
- Indoor arena
- Laser therapy

## SERVICES

- Primary care for rescues
- Surgery for equine & small animals
- Emergency
- Intensive care
- Internal medicine
- Oncology
- Dentistry
- Neurology
- Cardiology
- Dermatology
- Ophthalmology

WHAT MAKES US SPECIAL

Leading with Care.

An animal healthcare provider, bringing experts and the technologies they need, under one roof—working together for exemplary animal care.

### THE VISION

To revolutionize animal care and be a catalyst for knowledge exchange.

### THE MISSION

To ensure that every animal has access to the most compassionate and committed care possible.

### THE VALUES

Respect is at the heart of everything we do.

It underpins every interaction, whether it is with each other, our animals, the owners, our vendors, or our partners. It is also implicit in each of our four values.

#### **Demonstrate Compassion**

Compassion is our compass. Through empathy and understanding, it allows us to listen closely and ensure all needs are met. As a care provider, it's the reason why we care.

#### **Nurture Innovation**

From the use of cutting-edge medical technology to setting new standards in animal care, continued innovation keeps us at the forefront of our profession. It represents a desire to drive veterinary science forward with the aim of helping animals as effectively and efficiently as possible.

#### **Share Knowledge**

Knowledge sharing isn't just about the exchange of ideas, it is also about feeling valued and heard. We advocate passionately for information to be readily accessible because it's inherently empowering and beneficial to all.

#### **Inspire Others**

We believe that the more people working to improve the lives of animals, the better. Inspiration is motivating—it opens our eyes to new possibilities and allows us to dispel our limitations.

WHAT MAKES US SPECIAL

MARKETING BROCHURE

WHAT MAKES US SPECIAL

We are bringing together a multidisciplinary team with access to technology, diagnostics, treatment, and rehabilitation at one site.

Giving animals the best health care available is our common goal and requires a variety of complementary resources. They cannot tell us about their symptoms, how those manifest themselves or about their intensity. Care for animals can require navigation through a complex process, which can be time consuming, emotionally draining and financially daunting. Reaching a diagnostic and a resolution often requires dialogue between different specialists.

King Animal Hospital is a place with diverse experts under one roof allowing for solutions to be found quickly and with maximum responsiveness, efficiency, and effectiveness. This revolutionary vision manifests itself within our carefully curated building, a space in which a unique facility exists, designed from the ground upwards to foster the best care for its patients and a calm space for their owners to feel equally comforted. The scale and provision within each of our building's spaces has been carefully considered to accommodate all creatures great and small. Finally, and importantly, the costs of our world-leading care and technology is kept at an accessible level, in full adherence to the Canadian association guide fee schedule.

WHAT MAKES US SPECIAL

## WE'RE ABOUT AUTHENTIC AND INDIVIDUAL STORIES

Our revolution is about having a profound impact and improving animals' lives, giving to all living beings the level of respect and compassion that we would expect for ourselves. We relentlessly adhere to that intent and will endeavour to see each patient under our care return to happy and healthy well-being. It is a revolution made of authentic and individual stories.

King Animal Hospital represents the best that our collective minds and skills can and should provide for animal care, within a purpose-built environment to realise that vision. We hope to welcome you and help overcome the challenges that you may face.

## A WELCOMING HOME DEDICATED TO DELIVERING HIGH QUALITY ANIMAL CARE

Compassion and care relentlessly drive all our actions. Everything has been imagined and created with one idea in mind: giving animals superlative medical care.

King Animal Hospital has been built to accommodate this vision, to create a calm and gentle open atmosphere within a building of 55,000 sqft including an indoor arena of almost 6,000 sqft, all set within fifty acres. Our grounds feature beautiful walking trails, outdoor paddocks, fabulous green spaces, rubberized heated ramps, water treadmills and pools.

Whilst they are with us, all animals belong to our happy family and receive our utmost respect and diligence of care. And we will always welcome them back with open arms as they progress through life's journey.

THE BEST DIAGNOSTICS AND REHABILITATION EQUIPMENT IS DEFINITELY IMPORTANT TO PROVIDE HIGH QUALITY CARE AND IMPROVE THE LIVES OF OUR PATIENTS.

BUT, EQUIPMENT ALONE WILL NOT BE THE GAME CHANGER. IT WILL BE THE EXPERTISE AND COMMITMENT OF A COMPASSIONATE, COLLABORATIVE TEAM THAT WILL SET US APART.

TRACY E. JONES, CEO

WORKING TOGETHER

WORKING TOGETHER

## THE ALL-IN-ONE DESTINATION FOR BEST-IN-CLASS TREATMENTS

Instead of a series of appointments, the treatment journey has been simplified to exist within only one venue, encompassing intensive care, internal medicine, oncology, dentistry, neurology, cardiology, dermatology, ophthalmology, surgery, and emergency.

The sequence and availability of treatment is tailored and made available by our unique offering. Ambassadors will help our clients navigate the often complex treatment journey. At the centre of our thinking is an offering that is as easy as possible to access.

At King Animal Hospital, top level specialists engage in a unique dialogue with each other whilst researching and utilising the best available technology, allowing for creative and innovative solutions. Our advanced approaches are designed and implemented with one ultimate goal, the well-being of any animal under our care.

This global approach also nurtures innovation which we endeavour to share.

## A SCIENTIFIC REVOLUTION MADE THROUGH KNOWLEDGE EXCHANGE

Our unique integrated approach aims at securing a successful recovery path for all animals under our care. Our research facility features a large auditorium, laboratory, multiple exam rooms, a state-of-the-art MDRD room and best in class diagnostics tools such as X-ray, MRI and CT scans (for small and large animals alike).

Rehabilitation commences through a wide array of treatments including ultrasound, hydrotherapy, hyperbaric chambers, laser therapy and other conventional solutions that would be expected. A team of specialists from each discipline interacts to find the best solution available for each challenge faced.

It is a prospect for thought exchange and at the very core of our ethos is that this excitement and unique provision would benefit our clients, any animal within our care as well as our staff.

## A PLACE WHERE WE GROW TOGETHER

King Animal Hospital is committed to creating a healthy company culture and infrastructure of support for holistic well-being, so that every employee can fulfil their role.

We offer a competitive compensation package which includes:

- Competitive base salary.
- Signing bonuses for certain positions.
- Relocation assistance for key positions.
- Financial support through Employee Assistance Program.
- Educational budget dependent upon level of position. Starts at 2,000 per year for CE and work-related approved courses.
- Comprehensive Health and Dental Benefits.
- Paid time off for vacation, personal days and sick days.
- Uniforms.
